

Environment Policy

We at NPL provide highest priority to prevent the Environmental Pollution and we commit;

- ✓ Regular review and monitoring of Environmental Objectives for the continual improvement.
- ✓ Conservation of all the Natural Resources, Climate change mitigation and adaptation, protection of biodiversity and eco- system.
- ✓ Commit ourselves to protect the environment by preventing and minimizing the pollution impact by adopting the concept of 3 R's Principles - Reduce, Reuse & Recycle.
- ✓ Commit to fulfill Environmental Compliance Obligations.
- ✓ Take all feasible steps to ensure safe and environment friendly operations by providing Environmental Awareness Training to the Workforce.
- ✓ To ensure that the policy is made available to all stake holders and is reviewed periodically.
